

## 5-Minute Music Theory Cheat Sheet

WorshipDeeper.com

Most western music is based on the major scale. That scale consists of seven notes.

Let's look at the key of C as an example.

The key of C happens to be all white keys on a piano keyboard.

Each note in the scale can also be thought of as a number.

1	2	3	4	5	6	7
C	D	E	F	G	A	B

Most worship music uses the 1, 2, 4, 5, 6 chords in any given key.

You may have seen them written like this: I, II, IV, V, VI

Some chords in the key are major, some are minor. For example, in C:

1	2	4	5	6
C major	D minor	F major	G major	A minor

Adding in less common chords (III and VII minor) you will see chords in the key of C as follows.

1	2	3	4	5	6	7
C	D m	E m	F	G	A m	B m
